Subject: EBSB – Pairing of Higher Educational Institutions for exchange of students.

Sir/Madam,

The Ministry of Human Resource Development has selected your institution for pairing with (Name of institution, location, State) institution under Ek Bharat Shreshtha Bharat (EBSB) Programme. As you are aware, EBSB is a programme for promoting national integration through systematic exchange between paired States/UTs in the cultural, literary and linguistic fields. The expectation is that the students of your institution should learn the linguistic and cultural aspects of (....State) covering history, culture, language, cuisine, festivals, clothing etc.

Your institution is expected to select atleast 50 students for exchange with the paired institution and they will travel to the paired institution, in (.....month). The selection of students should be carried out as per the note given in the Annexure-I. It is expected that the visiting students would stay in the campus of the paired institution and their hospitality would be arranged by the paired institution. However, travel arrangements for your students would have to be borne by your institution only.

The visit to the paired institution is expected to be for a period of 5 days. The date-wise suggested programme of action is enclosed at Annexure-II. The paired institution may be requested to facilitate the visit in the manner specified.

Every student in the contingent going from your institution may be asked to identify one unique feature of culture of the State in which the paired institution is located, and prepare a report on what they have learned during the visit. This report should be shared with all the other students of your college on the return of your contingent. It is also expected that these learnings along with photos etc. are disseminated through social media accounts, Twitter etc.

For any further details about this exchange programme, you may kindly mail to ebsbmhrd19@gmail.com.

A report

on

"National Workshop"

A one-day National Workshop was held in the college on 27th sep. 2022. The subject of the workshop was "Dropout Cases of Girl Students in Higher Education: Causes and Remedies". It was presided over by Dr. M.R. Kaushal, Additional director, higher education Gwalior Chambal division, Gwalior M.P. The chief guest of the function was Dr. Alok Sharma, Director of Indian Institute of Tourism & Travel Management, Gwalior, while the special guest of the programme was Dr. Shiv Kumar Katiyar, Ex-Pro vice chancellor, Bundelkhand university, Jhansi. Dr. Puneet Bisaria and Dr. Kaushal Tripathi were guests of honour.

The programme was convened by Dr. N.S. Niranjana. As per Indian culture, he invited all the guests to light the lamp of goddess Saraswati to pave the path of workshop. After lightening the lamp of goddess Saraswati, Saraswati Vandana was sung by Dr. Khusboo Jaishwal and her students. As we know that "अतिथि देवो भवे" or Guests are gods, with this feeling all the guests were honoured by the principal Dr. Sushila Mahor by offering them flowers. Staff members and students also honoured our guests and other dignitaries sitting on the dais.

After it, Dr. Niranjana invited Dr. S.K. Shrivastava, In-charge of world bank project to focus on the purpose of the project sponsored by Dept. of higher education. Dr. Shrivastava threw light on the purpose of the world bank project. After it, Dr. Niranjana has initiated the topic "Dropout Cases of Girl Students in Higher Education: Causes and Remedies" and said that dropout cases of girls' students have become a harsh reality. There are many reasons of dropout like early marriage, domestic work, security issues and poverty. He invited Dr. S.K. Katiyar to give his opinion on this issue. Dr. Katiyar asserted on safety and security of girl students. He also said that there is not proper awareness of parents for the education. He emphasizes on awareness of parents. Dr. Alok Sharma also gave his view on the topic and said that the world is changing, we can not stay at one place. Without education of women, the development of any society is not possible. The half population is more important because it brings greater responsibility on us. We are supposed to proceed together.

After it, the first technical session was started, Dr. Puneet Bisaria, the keynote addressee shared his views in detail. Dr. Bisaria compared the new education policy with the old one. He said that in the new education policy even after dropout, the value of education is there, because if a student leaves his study after completing one year, he will get a Certificate. Similarly, if he leaves his study after completing two years, he will get Diploma. In the end of third year, he will get the degree. If he continues in the fourth year and gets it completed, he will get the Honors degree. Not only this, a student is free to select his subject from any discipline. Thus, new education policy is based on the choice of the students. NEP - 2020 was made more job oriented. Here, students may feel more freedom. According to him, students have many causes of dropout as - less engagement of parents, security issue, early marriage, gender bias, social threat, high fee structure, less interest of girls in study, approach issues etc. Dr. Bisaria has explained all the issues one by one. He has given remedies also and said if parents are educated then the girl students of such families may have better and greater chances to go ahead. If parents are uneducated, there are more challenges for the girls. He indicated towards acceptability of society. He said that if women are elected as a Panch or ward member or on any other political post, their husbands usually participate in the meetings in place of them, which is not an example of women empowerment. It shows male domination. It is not good. Women are free, let them take their own decision. He has said that to reduce dropout in school education, government has introduced "Right to Education Act". But as far as higher education is concerned. Government must develop facilities in the colleges.

Dr. M.R. Kaushal, Chairperson of the workshop, said that dropout cases paint a gloomy picture of our society. It means that we need more refinement. Children do what their parents want, so it is the duty of parents to keep attention and to support at every level. So that, the children may feel the touch of their parents. Modern society is going far away from social values. It is only because of less engagement of their parents. With this, the first technical session came to an end.

After lunch, the second technical session was started. It was presided over by Dr. Sushila Mahor, principal of the college. All the guests were on the dice. Dr. Niranjana presented data and said that if there are 100 cases of dropout then, there is 31% dropout due to engagement in domestic activities, 18.4% dropout is due to financial problem, 12% dropout due to disinterestedness, 12.4% dropout due to early marriage and rest of dropout cases are due to gender bias and low expenditure on girl education. This is the data of higher education, definitely we need to work hard on this issue. We must address the issue seriously and try to solve the problem. In this regard NEP-2020 brings a ray of hope. With this, Dr. Kaushal Tripathi, guest of honour was invited to address the issue. Focusing on the topic, he gave an example of his wife and said that having higher education she preferred to be a good mother rather than to be a good earner. Simply it means that she dropped her job only because of her first duty that is the duty of a mother. There are such touching cases also. That may not be a case of dropout, but a case of good motherhood. Dr. Tripathi was a man of mass communication and journalism, so he attracted the attention of the students to make career in mass communication and journalism.

After second technical session panel discussion was started, where all the students and guests participated. Various queries were made by students, that were answered by the concerning guests. They have appreciated the work done in the gallery by the students of drawing and painting. Students have painted the pictures of girls' students who left their studies due to various reasons. Students were happy to participate in the workshop. Few of the students desired to know about admission process in tourism and travel management, which was explained by Dr. Alok Sharma and Dr. C.S. Barua. The questions related to mass communication and journalism were answered by Dr. Kaushal Tripathi. Then the program came in its ending phase.

Valedictory session was started after panel discussion. Here, all the guests shared their views and experiences of this workshop. Students also shared their experiences. Then the convener invited the chairperson Dr. Sushila Mahor to say something on this occasion. The principal asserted on sincerity, honesty and punctuality of students and staff of the institution. She said that the problem of girls will be solved by girls only. They have to find out their problems and solutions as well. They must not depend on male. Woman of today can do what she wants. She needs only motivation. At last, the convener invited Dr. S.K. Shrivastava to give vote of thanks. He thanked all guests, participants, staff members and those that have assisted directly or indirectly in the workshop. It is with this gratefulness, the function came to an end.
